

Pneumatics

Solenoid & Mechanical Valves

We carry a diverse range of solenoid valves, compact valves, manual and mechanical valves in various configurations. We also stock a variety of coils-all voltages, together with standard and LED plug tops. Please contact us for more information.

Pneumatic Tubing & Suzi Coils

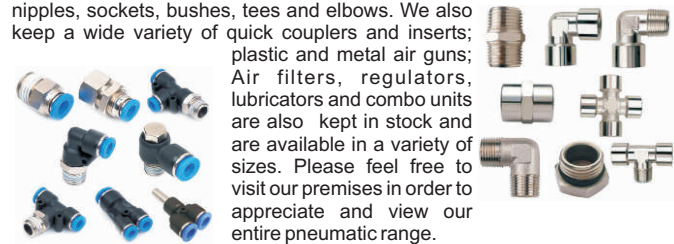

We carry a full range of nylon, polyurethane, teflon and rubber tubing for all air & liquid related applications. In addition to this, we carry a standard range of suzi coils with or without swivel fittings and guards. Upon special requests, we can manufacture suzi coils of various lengths, sizes and colours to your spec. We also carry a range of rubber and pvc hoses. To compliment the hoses, we also carry a wide range of light and heavy duty clamps.

Pneumatic Fittings, Adaptors & Accessories

We carry a diverse range of one touch fittings in both nylon and brass nickel plated. We also carry a diverse range of brass and brass nickel plated fittings-nipples, sockets, bushes, tees and elbows. We also keep a wide variety of quick couplers and inserts; plastic and metal air guns; Air filters, regulators, lubricators and combo units are also kept in stock and are available in a variety of sizes. Please feel free to visit our premises in order to appreciate and view our entire pneumatic range.

Quality Workmanship

Pneumatic Cylinders

We have the capacity, knowledge and expertise to manufacture pneumatic cylinders on site as per the customer's specifications. We also recondition pneumatic cylinders. Because we take pride in our workmanship, the cylinder leaves our premises virtually brand new. All pneumatic cylinders that are reconditioned by us, are thoroughly tested before it leaves our premises. All our workmanship is guaranteed. We can also supply off the shelf pneumatic cylinders in various configurations. To complement our pneumatic cylinder range, we also stock various reed switches and cylinder accessories. Visit us to view our range or to collect a catalogue.

Hydraulics

Valves

The Prowin range of valves are performance proven valves. They offer reliability at competitive prices. A key point to mention is that the Prowin valve range is ISO Certified and is interchangeable with other known brands available. Please feel free to contact us with your requirements.

Hydraulic Lifting Cylinders & Pumps

We also represent Enerpac, who are the leaders in Hydraulic Lifting Technology. Whatever your lifting application requirements, contact us for **FREE** information and advice. We also service the various hand pumps and lifting cylinders at our premises.

Hose Assemblies

We manufacture hose assemblies in: rubber-one, two or multi-spiral wire hose; parflex non conductive hose; twin parflex hose for use in various industries; cab tilt hose assemblies; compressor hose assemblies for use on trucks and buses, teflon smooth, convoluted hose assemblies, stainless steel hose assemblies-all for use in heat intensive applications; cotton cover hose assemblies for use on cars, trucks, bikes and buses. All our hose assemblies are assembled and checked to specifications provided by our ISO certified suppliers.

Hydraulic Fittings, Adaptors & Accessories-Mild Steel & Stainless

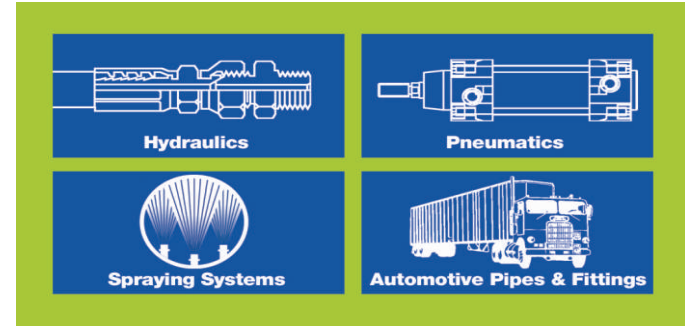

We also stock a wide range of hydraulic tubing, fittings, pipe clamps, adaptors, pin type and ball type quick couplers, high pressure ball valves and accessories. Stainless steel hydraulic tubing, fittings and accessories are also available. Our hydraulic range also includes hydraulic filters and elements for both suction and return; level gauges and indicators, etc.

Quality Workmanship

Hydraulic Cylinders & Accessories

We have the capacity, knowledge and expertise to manufacture and supply new hydraulic cylinders as per the customer's specifications. We also recondition hydraulic cylinders and take pride in our workmanship. All hydraulic cylinders that are reconditioned by us, are thoroughly tested before it leaves our premises and all workmanship is guaranteed. We are able to recondition and supply hydraulic hand lever valves in all combinations. Should you require hydraulic tanks or power packs, we can manufacture to spec. Contact us with your requirements.

Spraying systems

High Pressure Cleaners & Accessories

Our high pressure cleaner range is a diverse one. From petrol, diesel, single and three phase, we can supply to your specifications. Our machines are capable of delivering pressures up to 300 bar and volumes up to 40 litres per minute. This makes them extremely versatile in their application. By simply adding accessories you can convert your machine into a roof cleaner, sandblaster, drain cleaner or tank cleaner. We also sell roof cleaners, road and field markers-both battery and manually operated units. Our machines are reliable, easy to use, easy to repair, and competitively priced.

Safety Showers & Eye Wash Bowls

In today's manufacturing industries, a Safety Shower is a requirement. Safety showers are available in a Single Column or a U-Type shower. These units can be ordered with or without eye wash bowls.

We can also manufacture units that are lever operated or to your specification. Please do contact us for pricing or product information.

Industrial & Agricultural Nozzles & Accessories

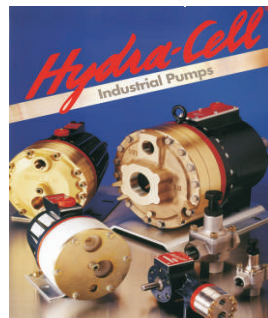

We stock a wide range of Industrial and Agricultural nozzles for various applications and industries.

To complement our diverse range of nozzles, we also stock various pumps and accessories for all these items. Please contact us for catalogues or demonstrations.

Hydra-Cell Industrial Pumps

Hydra-Cell's durability, performance and simplicity of design, makes it the optimum choice for the widest range of pump applications.

Applications

Hot Fluids; Reclaimed Water; Corrosive Fluids; Slurries; Abrasives; Liquid Gases; Wettable Powders; Fertilizers; Ultra Pure Fluids; Chemicals; Adhesives; Cutting Fluids; Viscous Fluids; Soap solutions; Salt Water and many others...

Automotive pipes & fittings

Brake Hoses & Bundy Pipes

We manufacture rubber and teflon brake hose assemblies. Recently we added the clutch hose and fittings to our range. We offer to you, our customer hose assemblies made to international specifications for use on cars, trucks and bikes. We also manufacture Bundy brake pipes and bend them to your sample.

Diesel injector pipes are also made and bent to spec at our factory. We also stock complete injector pipe sets for most popular vehicles.

We stock banjo bolts, banjo connectors, copper washers, bleeding nipples, various clamps and sump plugs.

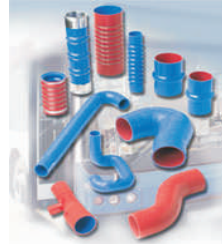

Air Brake Fittings & Accessories

We stock a wide range of air brake hoses, fittings, quick couplers and suzi coils for use on trucks and buses. Please visit our premises to view our range.

Turbo & Radiator Hoses

We stock a range of turbo silicon hoses which are used in the heating and cooling systems in vehicles, buses, trucks, cogeneration units and marine engines. Turbo hoses can also transport high temperature fluids in general industries where a certain degree of flexibility is required.

We also stock most radiator hoses in various sizes which can be used to transport both water & fuel.

Grease Nipples & Accessories

In the automotive industry keeping various parts lubricated with grease and oil is essential to ensure longer life of moving parts and components. We stock a variety of grease nipples, hoses, guns, lubricating units and accessories.

Cab Tilt Hoses, Pumps, Compressor Hoses, Fuel & Oil Hose, Etc

We also stock cab tilt hoses, fittings and accessories; supply and recondition cab tilt pumps and cylinders that's used on trucks.

We manufacture teflon compressor hose assemblies as per customer specifications.

We stock a range of fuel and oil resistant hose, heater and multi-purpose hose. Hose clamps, both light and heavy duty are also kept in stock and is available in mild and stainless steel.

Our company

BBBEE

Quality Workmanship.
Our Promise To You.
