

the ultimate swimming aid

"It's a perfect swimming aid because we can teach kids to swim naturally"

Pat Taylor, top Australian swimming coach, and author of Kids Can Swim

The Original SwimEEZY design costume (for girls) and vest (for boys) is a new, yet proven, swimming aid for kids aged 2-6 years.

- ¥ No inflation is required - the flotation is provided by life-jacket specification AIREX® foam.
- ¥ Easy to put on, certain to stay on.
- ¥ No risk of overturning - the position over the shoulders ensures a correct floating position.
- ¥ Allows the full freedom of arm, leg and head movements necessary to develop correct swimming techniques.
- ¥ Comfortable and fashionable - kids love them!

ITEM # 001 - 003,007 - 009

2 in 1 flotation sun - suits

Swim SAFE - Sun SAFE

This range combines the important benefits of the Original SwimEEZY swim-aid, and the SwimEEZY sun-suit in one exciting product to give the customer high value for money and complete peace of mind.

Designed on the wet-suit look, and with a SwimEEZY logo rubber zip-puller, kids look really cool in these suits.

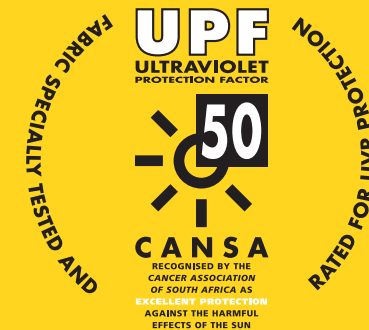

Only 3 sku's as the suits are unisex.

ITEM # 013 - 015

Sun protection is rapidly becoming a high profile issue for children. Developed in South Africa, SwimEEZY sun-suits are fashionably styled in quality UV-rated Lycra® fabrics. The fabric rating of UVR 50+ means that over 98% of harmful UV radiation is blocked out.

Each suit is individually boxed in a PVC carton and 15 units are presented in a compact Point-of-Sale display box containing a selection of unisex and girls colours in sizes from 1-10 years. This unique concept has been patented. It allows the product to be easily cross-merchandised, or sold in environments not equipped for loose apparel.
