## INDUSTRIAL SOLUTIONS

**DUST SUPPRESSION**

**TRAMP METAL DETECTION**

**CAP LAMPS  
SEARCHABLE**

**AIR CANNONS**

# DUST SUPPRESSION

BEFORE

AFTER

STAINLESS STEEL COMPONENTS

- Very effective
- Robust – stainless steel construction
- Wide spectrum of applications
- Operates Automatically or Manually
- Automatic water filtration
- Low installation cost and marginal maintenance

TANK WITH PUMPS

# TRAMP METAL DETECTION

ELECTRONICS

MARKING DEVICE

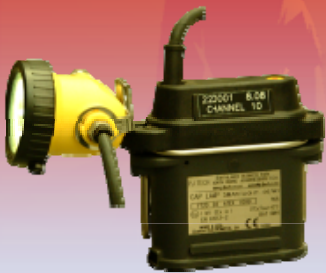

- Tough & reliable even in very difficult applications
- Detects MAGNETIC & NON-MAGNETIC tramp metal
- Works on steel corded belts
- Easy to install
- Two types of Marking Devices
- 3 year warranty (electronics)

ANTENNA SEARCH FRAME ASSEMBLY

# MINER'S CAP LAMPS

SMARTLIGHT  
CAP LAMP

- LEDs – 3 off (main, additional & emergency in battery cover)
- Detectable through 30m of solid rock-wall
- **1000 BATTERY CHARGES GUARANTEED (4 years)**
- Battery - NiMH 9.5Ah
- Monitoring & Management Software
- Stainless steel charging racks
- Options – RFID tag, Methane meter, Light Intensity, etc

MINSEARCH

# AIR CANNONS

AIR CANNON

- Robust construction
- External discharge valve
- Piston life warrantee
- Various sizes & mountings
- Various control systems

EXTERNAL  
DISCHARGE VALVE

CONTROL PANEL
