

Slip No More Resume

Being the leaders in the field of floor safety, Slip No More import, distribute & apply the most complete range of slip injury prevention products in South Africa. These include a full range of anti slip treatments and anti slip paint coatings, effective cleaners and degreasers, safety tapes and much more.

Slip No More products exceed co-efficient of friction requirements for US and European industrial safety standards. They furthermore boast approval for being products that are environmentally friendly.

Slip No More provides retail, commercial, industrial and residential environments with the sale and installation of Slip No More products in the quest to disarm hazards associated with slippery floor surfaces. The service caters for all types of floor surfaces from polished porcelain tiles to concrete to wood and metal surfaces.

In addition, Slip No More is set up to provide product training and technical information to enable its national network of operators to provide the best product and advice, thus giving complete consumer satisfaction throughout the respective markets.

Through extensive training & ongoing technical support, Slip No More is able to provide the same quality & workmanship on a national basis. Slip No More is represented in Gauteng, Kwazulu Natal, Eastern Cape, Western Cape, Mpumalanga & Limpopo as well as Swaziland, Botswana & Angola. Our global footprint covers areas such as the U.S.A, Canada and India.

Slip No More has a product range that is designed to suit all market sectors and a pricing structure to suit most budgets.

The product range that we offer is very extensive to list but can be broken up as follows:

Anti-Slip treatments for tiles

Our qualified agents are able to increase the slip resistance of Ceramics, Porcelain, Granite, Marble, natural stone and concrete

Anti-Slip coatings

Slip No More carries a wide range of coatings, from single pack Urethanes to 2 part Epoxy paints, no matter what environment you have, we have the coating to ensure the safety of your staff and customers.
