

ANTI-SLIP TREATMENT

For Ceramic & Porcelain Tiles
D.I.Y For Small Areas

Product: Anti-Slip Treatment-DIY

Pack Size: 1 liter

Coverage: Up to 10m² per kit

Product Code: SNMTR-003

Package Size: 22cm x 17cm x 30cm

This product is formulated for use on most tiled floors that have not been sealed. It creates an invisible tread on tiles that significantly increases the slip resistance providing the treated surface with a safe & efficient grip. This treatment significantly reduces the problem of dangerous surfaces in wet conditions and lasts up to 3 years.

Additional products required for application

- Soft Bristle Broom
- Mop with Aluminium handle
