

COMPANY PROFILE

BIAS Consultants was founded in 2000 and consist of five divisions:

- PC & peripheral sales and distribution (new and 2nd hand)
- Electronic repairs down to board level
- Electronic design
- Cable and harness manufacturing.
- IT spares and replacement parts on new and obsolete equipment.

With extensive experience in Corporate IT, ATM and various point-of-sale technologies, we assist organizations to achieve excellent service level agreements by offering quick turnaround times and quality workmanship. BIAS is capable of repairing and supplying products for the retail, hospitality, and banking industries. BIAS has the passion to listen to customers, to share their vision and help them be great industry leaders. We are versatile and adapt to the ever changing technologies of electronics.
