SPLISH SPLASH SPA

O2 Beautiful 2 hours 45 mins R 990.00
Dry body brushing starts off this refreshing and exhilarating body treatment, which is followed by an oxygenating foaming cleansing scrub which eliminates impurities, removes dead skin cells restoring the skin to its natural structure and radiance. Ampoules are then applied to further enhance this oxygenation and a full body massage follows. You are then encapsulated in a sauna blanket while you enjoy a facial to rejuvenate you head to toe.

Load Shedder 3 hours 30 mins R 1380.00
Detoxifying dry body brushing begins your experience of sheer relaxation. Thereafter the body is exfoliated with mechanical brushes. Your radiant skin is covered all over with Black Mud "al Nadara" which is derived from 400 metres below sea level from the Dead Sea. This treatment remineralises the skin while causing the body to detoxify and expel wastes. You are then cocooned inside a sauna blanket and your facial skin begins the journey to rejuvenation. After 40 minutes of load shedding a refreshing shower prepares you for a full body aromatherapy massage.

Harmonise 4 hours 30 mins R 1600.00
Rebalancing of circulatory systems is brought about by dry body brushing followed by the elimination of dead skin cells. A shower and steam room experience then leads you on to a multi action algae body mask. Intensive remineralisation of the body occurs while your facial skin is treated to a rebalancing facial. Hands are manicured and feet are pedicured and if all this isn't enough the treatment concludes with a full body massage.
