Welcome to Goof Swimming School

Dear Adult Swimmers,

Thank you for showing an interest in Goof Swimming School. We hope that we can make your experience in the pool a memorable, fun and exciting time. We realize that there is great demand for mature beginner swimming instructors and we strive to bring you the highest quality of swimming tuition.

Do not be scared and do not be embarrassed, we have the perfect facility in which you can come and learn. Our pool is away from the crowds and you should not feel uncomfortable. Do not let this opportunity pass you by- Swimming is a wonderful skill that you can use for the rest of your life. I guarantee that if you can swim you will love swimming forever.

The Goof Swimming Team is a group of people that love swimming and people and we will take care of you from the moment you enter our pool. Please feel welcome at our pool but also take note of our rules to ensure your own safety as well as the safety of other swimmers.

Our method of teaching is inspired by Swim South Africa's "LEARN TO SWIM" programme. We took this programme and adapted it to fit in with our fun and funky outlook on education. We believe that life is short and we should all have fun learning new skills.

So what is our success rate? As long as you want to work with us, we can guarantee that we can teach you to swim. Just persevere and be brave and we will teach you everything we can so that you can swim the next time there is a pool party.

Please be in contact with us if you would like to give us some feedback. Hope to see you at the Goof swimming pool very soon

Dearest Goof Students,

Goof Cancellation Policy and 'make-up' lessons

Owing to the unbelievable demand for places at Goof Swimming School, and the subsequent need for more lesson time, it has become almost impossible to allocate space in our schedule for 'make-up' lessons. In addition to this, 'make-up' lessons have complicated consequences and can be disruptive for other students and the swimming instructor. Please bear in mind that we are unable to 'catch up' lessons unless they are cancelled on our part due to weather/condition of the pool or a doctor's note is presented.

In the spirit of good business, please respect the need to keep our lesson timetables well managed. Many hours of planning go into our schedule and we encourage that students maintain their initial time slot until the end of term, when the necessary changes can be made. This should be done unless an observation by the instructor warrants an urgent and necessary change.

In addition to this, please note:

- All lessons should be completed in the month that they are paid for
- No lessons will be carried over to the next month or following year
- Keep to time(s) allocated for yourself

Goof Swimming School hopes to offer a high standard of swimming tuition with few distractions.

We thank you for your understanding.

The Goof Swimming Team
