Meet the **Travel Stars**:

Adele Neill

Do what you love and love what you do. I have been in the travel industry since 1994 and have been fortunate enough to travel to many of the countries that I send my clients to. From beautiful sandy beaches of the Indian Ocean Islands to snow skiing in Austria. I have worked in both leisure and corporate travel and arranged trips for my clients ranging from business and conferencing to family holidays and honeymoons. I take pride in my work by offering the best service delivery and prices to my clients.

Anelle Behr

I have been in the travel industry (both corporate and leisure) for 11 years and worked in South Africa, Europe and the UK. During my working career abroad I was fortunate enough to also travel extensively throughout the world. A few countries I have visited include all the Southern African Countries, Madagascar, Thailand and various cities of Europe. Travel is my passion and I find it so rewarding to be able to assist in making people's dreams come true.
