A wide-angle photograph of a large, modern poultry farm. The facility is a long, narrow hall with a high ceiling supported by a grid of dark metal beams. Numerous bright, rectangular lights are suspended from the ceiling, illuminating the space. The floor is covered with a layer of brown bedding, and thousands of young, light-colored chickens are scattered throughout. In the foreground and middle ground, rows of red and white hanging feeders are visible, suspended from the ceiling by thin wires. The overall atmosphere is clean and organized.

A large indoor poultry farm, likely a broiler house, filled with thousands of young yellow chicks. The chicks are densely packed on a dark floor. In the foreground and middle ground, there are several large, orange and white plastic feeders. The background shows long rows of similar feeders and more chicks stretching into the distance. The lighting is bright and even.

A large number of white chicks are housed in a brooder. They are equipped with a water and feed system consisting of several parallel grey pipes. Red and yellow plastic components connect the pipes to red feeders and water dispensers. The chicks are densely packed, and the floor is covered with brown bedding.
