Welcome to OPEN ROAD PETROLEUM SA PTY LTD also known as ORPSA

ORPSA is a young, dynamic petroleum company operating out of the beautiful Western Cape. ORPSA was born out of the need for a petroleum wholesaler that could look after the so called little guy. In a very short period it has seen unprecedented growth and in the process captured a large market share. ORPSA strives to deliver the best quality product at discounted rates. ORPSA has uplift agreements in all major depots in South Africa such as: Sasol Secunda, Sasol Natref, Total Waltoo, Total Alrode, Milnerton Cape Town, Petro SA Mossel Bay and IVT Durban as well as Engen. Only depot certified product is good enough for our clients, which include large diesel depots, fuel retailers, farmers and even public transport operators. ORPSA covers all areas in South Africa for COC orders as well as COD orders.

Our track record speaks for itself

With over 20 years combined experience in the petroleum industry, ORPSA has seen it all and offers creative solutions for all our customer's problems. ORPSA is fully BEE compliant and DME accredited.

ORPSA is not only for so called "white sites". If you are the owner of a brand garage and you have a "buy out" mandate, feel free to give us a call. ORPSA has a history of helping out brand garages when they are out of product. ORPSA prides itself in a 100% no contamination record, which underlines quality and integrity.

Getting in contact with us is easy. Simply call us on 044 692 0442 or send us an e-mail to david@orpsa.co.za.

Now is the time to give your business the boost that it deserves.

Now is the time to switch to one of the best Wholesalers, where honesty, integrity and service is the key factors in reaching our goals – to service you, the client.
