

Accessible Professional Service "Simplified"

BLR Plumbing & Solar Energy PTY LTD. was established in Gauteng back in 2008 when the founding members where involved on government energy savings programmes, we have since then completed several projects successfully and recently decided to come together to broaden the services of BLR Plumbing & Solar Energy.

We can handle any Plumbing, Solar Water Heating, Construction and Maintenance project with ease. Our plumbers are based near you around the country, and are all trained to the highest of standards. Whatever the job, they operate with expertise and professionalism. Our PIRB Approved plumbers have the highest regard for safety practices, putting the safety of your home and your family first.

### SOLAR WATER HEATING

Your electric geyser contributes average of 70% towards your monthly electricity bill. The good news is that you can reduce it without spending a cent extra: - in fact the geyser pays for its self without any extra expenses from your tight budget. We specialize in installations of superior quality approved by ESKOM and the plumbing industry association (PIRB). We will assess your property, Hot water usage, water quality and recommend from our range of local and imported Solar Water Heating system for you.

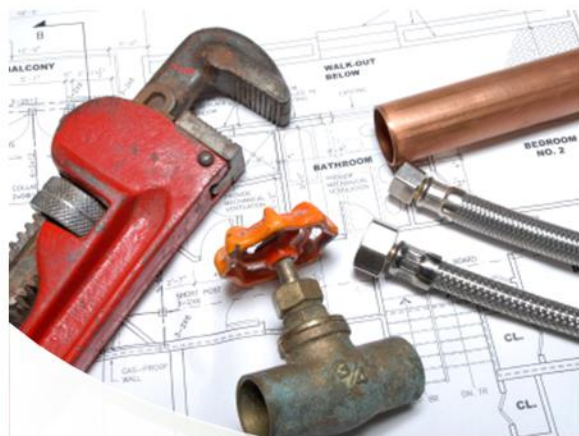

#### Why BLR Solar Energy?

- ◆ We Focus only on High Quality , Aesthetically pleasing products;
- ◆ We assist with the ESKOM REBATE claim process;
- ◆ We arrange Finance Option for all Geysers installed;
- ◆ We Convert Electric Geyser to Solar Geyser
- ◆ We assess your property and recommend the best system from manufacturers all over the world; you are NOT restricted to one brand.

### WHY SOLAR WATER HEATING

- ◆ INCREASES THE VALUE OF YOUR HOUSE
- ◆ SAVE YOU MONEY IMMEDIATELY.
- ◆ SAVE ENERGY.
- ◆ SAVE OUR ENVIRONMENT.
- ◆ LAST LONGER
- ◆ INDEPENDENT "NO POWER FAILURES"

### PLUMBING 24/7

Regular plumbing maintenance can keep your home's plumbing system working properly all year. Plumbing maintenance takes only a little time and it will help minimize plumbing problems that will require more time and money to repair.

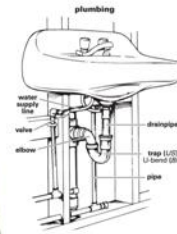

We have access to the latest technology to identify water leaks in your home. By using thermal, or gas trace equipment, we can locate the exact source of the leak by looking for warm patches, listening for drips, or piping a safe inert gas through pipes and identifying where it is leaking out. This means we can fix the problem with the utmost accuracy.

A burst pipe is classified as an water emergency – and can be costly if not addressed quickly. It can cause serious damage to your home's structure and electrical wiring. It's vital to take action as soon as you discover a burst pipe. Our technicians are available 24/7 to assist.

## flexible solutions for your property...

## ... all your business needs

Professional plumbing service that provides a total end to end solution

### PLUMBING SERVICES

#### Bathroom

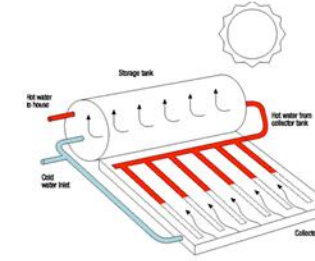

- ◆ Clear slow blocked/drains
- ◆ Fix leaking taps or showers
- ◆ Clean tap aerators
- ◆ Fix running toilets

#### Kitchen

- ◆ Check for kitchen sink leaks.
- ◆ Check for garbage disposal leaks
- ◆ Clean the kitchen sinks drain
- ◆ Maintain septic and Sewer system.
- ◆ Maintain your sewer main.

#### General

Check water pressure. If the pressure is too high we install or repair/replace the pressure regulator to bring it down to a safe level.

### SOLAR WATER HEATING SERVICES

Our Solar Geysers service offering is much wider than most suppliers, we offer direct and indirect Solar Geysers which can be closed couple (roof top geyser tank) or Split systems (where the tank is inside the roof). There are several techniques that will be applied to give our client their preferred system while ensuring effectiveness.

Our installations prices ranges from as little as R6 000 for a geyser system with 5 years warranty, this attractive price coupled with Eskom's rebate is ideal for most small families.

#### Our services

- ◆ Installation of Solar Water Geysers
- ◆ Geyser Repairs
- ◆ Installation of Heat Pumps
- ◆ Installation of Gas Stoves
- ◆ Conversion Electric Geyser to Solar Geysers (Retrofit)

### ARCHITECTURAL DRAWINGS

As part of our construction projects we have gathered a team of professional certified architects that are able to commission the project or advice interpret the plans during our plumbing projects, our professionals are trained to plan and design buildings, and oversee their construction sites.

#### OTHER FOCUS AREAS

1. Residential Building construction
2. Industrial construction
3. Commercial Building construction
4. Heavy Civil construction
