PLAY DOUGH

ESA-PD-001

0606110163118

CASE: (96) 0606110164221

EACH KIT CONTAINS:

- 10 colours of clay
 - 5 assorted clay accessories
- Please note accessories may vary from image shown.

Benefits of Playdough Play

Fine Motor Skill Development:

Great for strengthening muscle tone in little hands, squishing, squashing, rolling, flattening play dough all develop children's muscles and encourage prewriting and other skills such as cutting with scissors, using a tweezers, holding a pencil etc.

Life skills:

The dough responds to each of their actions and the child is learning that their actions have consequences.

Stress relief:

Using play dough is a calming activity. Children work their stress out through their hands, so play dough is not only loads of fun, but can be another useful way to help your children to release stress.

PROVERB BOOKS

Proverbs are short well-known sentences or phrases that tell a general truth about life or offer advice. In other words, they present the gist of a moral tale or fable prevalent in a specific society. Their universal appeal has allowed many of these proverbs to cross social barriers and become part of human consciousness in general.

In these books are popular proverbs that drive home some universal moral ideas compiled from different cultural backgrounds. Given their popularity and universal acceptance, the stories connected to them have an appeal for children and adults alike. The specific illustrative format used serves to enhance the recall-value of the proverbs, besides affording the pleasure of interesting reading.

Truly a treasure-trove you can delve into anytime to improve your knowledge and broaden your horizon.

BARCODE: 9781431300860

This is a collection of tales from the Greek story teller, Aesop. Aesop was a slave in ancient Greece. He was a keen observer of both animals and people. Most of the characters in his stories are animals, some of which take on human characteristics and are personified in ways of speech and emotions. However, the majority of his characters retain their animalistic qualities; tortoises are slow, hares are quick, tigers eat birds, etc. Aesop uses these qualities and natural tendencies of animals to focus on human traits and wisdom. Each fable has an accompanying moral to be learned from the tale.

This is an exciting, fun-filled, as well as a highly stimulating science series, designed to specifically optimise and increase the abilities of children in the age group 8+. It strengthens the powers of observation through participation in thoroughly tested science activities. The 6 experiments are simple, yet exciting!

The activities contained within each "Handy Science Kit" are at a highly affordable price. These carefully controlled experiments will enhance every child's inter-active educational abilities, as well as greatly enhancing every child's knowledge to understand the world around us. Over 7 million sold world wide, translated into many languages.

KIT INCLUDES:

- 1 x unassembled toy sail boat (without sail)
- 1 x set of coloured paints and paintbrush
- 1 x petri dish with lid
- 1 x navigational template (N, E, S, W)
- 1 x blunt needle
- 1 x flat cork
- 1 x bottle top stopper

- Small plastic bottle with lid
- 1 x stick of non drying modelling clay
- 1 x set of feathers
- transparent fish templates
- 3 x coloured paper clips
- 1 x round piece of clear plastic
- 1 x test tube
- 1 x bag of gold glitter

26 PAGE STORY & ACTIVITY BOOK

BOOK SIZE: 255mm x 200mm / 10" x 8"

BOX SIZE: 260mm x 210mm x 45mm / 10" x 8" x 1.7"

The "WE CAN SAVE THE PLANET" series has been designed and tested since inception to ensure the perfect hands-on approach through interaction. Encourages exploration and investigation as to how our world works, as well as following well structured activities and experiments which are interactive. In essence the ultimate for every young explorer to meet the challenges and exercise the power of imagination in finding real and practical solutions to supporting nature into every school and home.

PRODUCTS MADE TO ORDER

FUNKY FASHION STUDIO

ISBN: 978-1-4313-0126-3

BARCODE: 9781431301263

INCLUDES:

- 2 Press out models
- A journal
- Fabric patterns book
- Sets of press out clothing
- Fold out wardrobe
- Fold out fashion ramp
- Variety of sticker accessories

16 pages in journal
48 Pages in fabric book
BOX SIZE:
225mm x 310mm x 25mm /
9" x 12" x 1"

Open the cover and take the two paper dolls out of the inner cover. Both sides of the doll are illustrated differently so there are in actual fact 4 model options in total. There is a pad of patterns for the children to create their own funky fashions. Store your fashions in the fully-functioning pop-up wardrobe. Once you have made enough outfits, why not put on a fashion show? There's a catwalk on the back of the wardrobe!

I CAN SERIES

CONTENTS OF KIT:

64 page write-and-wipe reusable activity book

Sturdy, cardboard learning cards

Wipe off markers

SIZE:
 248mm x 201mm x 32 /
 10" x 8" x 1"

The Learning Games Activity Book and Learning Card Kit provides a total educational solution for preschoolers as they prepare for the school years ahead. The 64-page book, brimming with activities for the 104 learning cards, also provides exercises and games to enhance writing and thinking skills. Using the three colour markers provided, young learners can write on the pages and then wipe them clean so they can practise over and over again. The learning cards can be used independently of the book, when children are confident in their skills and ready to work on their own.

This book assists with eye and hand coordination, plus reading intelligence. Each tab must be pulled to show three pictures. The child should repeat the word which best describes the answer to each question. Preschoolers develop early literacy and listening skills through exploration of pictures and words. Patience and encouragement works every time, so make learning fun and watch the child grow!

Comprising clear images and concise educational text, is perfect for the home or school learning environment. Using the flip-over mechanism, allows the learner and teacher to progress in a developmental and cumulative way through various subject areas. In the classroom situation, flip charts present the ideal stimulus for group discussion and verbal feedback. The photocopiable worksheets are ideal for individual or group work, offering a structured, poster-based approach to gathering, assimilating information and knowledge then applying it.
