ABOUT US

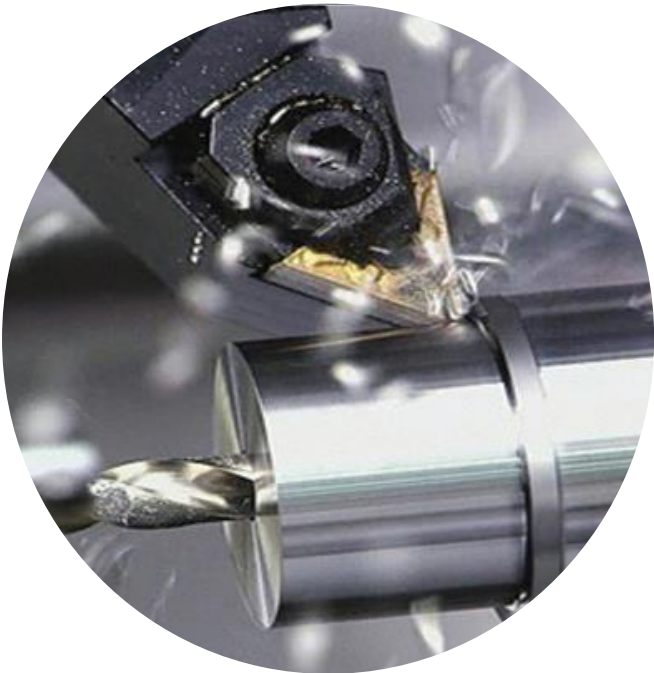

We started our business in 2012 with the idea to create great, high-quality products and services at reasonable prices.

It seems that our idea has worked, because our business has grown continuously since then. We also focus on job creation. A quality assurance will be given after a job is finished and inspected. We also offer six months guarantee on any type of Gearbox Reconditioning

MISSION

To exceed our customers' expectations in quality, delivery and cost through continuous improvement and customer interaction
