

# OUT THE BOX SUPPLIES ( PTY ) LTD

## ISN'T IT TIME YOU THOUGHT...OUT THE BOX ?

Suppliers of machinery and equipment to the following industries :  
Agriculture / Engineering / Manufacturing / Material Handling / Mining

Out the Box Supplies (Pty) Ltd, was established as a supplier of machinery and associated equipment, to the Agriculture, Mining and Manufacturing sectors.

The main shareholder is Mr.J.Cox.

Mr.Cox has over 12 years of experience in his field, and comes from a manufacturing background. He used to supply battery chargers and transformers, to the Agriculture, Material Handling and Mining sectors. He has built his career from the bottom up, and has gained valuable knowledge in dealing with the constraints faced, in relation to manufacturing, delivery, servicing, and most importantly, customer relations.

We take pride in knowing, that we only supply items of the highest quality, and strive to live up to our customer's expectations and needs. With numerous industry related contacts and support, we have all the necessary requirements to ensure that we can offer our customers a complete solution.

We operate from within South Africa, but have connections throughout Sub-Saharan Africa and are always looking to expand our network.

By aligning ourselves with our partner's, we have ensured that our customer's will always have the required backup service, from an industry related professional.

**At present we are able to offer the following products and services, to the following industries:**
