

# KA PACKAGING & STAPLING CC COMPANY PROFILE

KA Packaging & Stapling CC was established in August 2005 with the intention of providing affordable packaging and stapling materials and equipment.

We run efficiently due to a “hands on” approach. The manager and driver are constantly in contact with each other.

We currently provide work opportunities for 3 people at present and indications show that this figure will grow by 3 more in the near future.

We pride ourselves in being very flexible as far as our Clients needs are concerned – obviously within the parameters of legislation and ethics.

We have high service standards and are proud to say that our staff strives to maintain them.

We aim to develop long term relationships with our Customers; by understanding our Customers requirements, and with our capabilities and knowledge, we will be able to meet your needs without exception, and sharing the benefits of continued growth.

## BEE Recognition Level.

Level 4

## We Offer the following Services.

All types of packaging materials  
Various staples and staple guns

## Our Fleet

Our fleet is well maintained and regularly serviced by reputable agents.

We currently have:  
1 x 1 ton Kia Bakkie  
1x1 Corsa Bakkie

› Staples › Nails › Fasteners › Packaging materials

## Base Vehicle Security

We are able to monitor our vehicles positions 24/7/365 with real time satellite tracking.

The Cartrack unit automatically notifies the 24-hour dedicated control centre in the event of:

- Unauthorised use of the vehicle (Early Alert button)
- Vehicle hijack (panic button)
