

MikhensoEnterprise

Aluminium Roller | Doors | Windows

ABOUT US

Mikhenso Enterprise specializes in the manufacturing and installation of high quality non-corroding aluminium products such as aluminium Doors and Windows. With manufacturing facilities in Gauteng, our objective is to become the vehicle via which our clientele is assured in the manufacturing of their aluminium custom-made designs at an affordable price. Starting from concept-to-design-to-manufacturing process, our Doors and Windows are produced as per client briefing and specifications using Wispeco aluminium profile and our high-tech design software approved by WISPECO.

At M.E. we embrace and support proudly South African thus sourcing our materials, hardware and glass from locally produced suppliers positioning our company to endorse a 5 year guarantee on aluminum profile material and 2 year warranty on our hardware. Through innovative design and motivated support team, we are committed to offer a solution to all your requirements. M.E. manufacturing, sales and support staff have all been handpicked and consist of highly motivated and energized individuals who earned a wealth of experience in the industry and are fully committed to the success of their various portfolios within the company. Many staff members enjoy equity in the company, further incentivising their efforts.

Our experienced team and our golden standard of workmanship will ensure that all work is completed to our client's requirements and expectations.

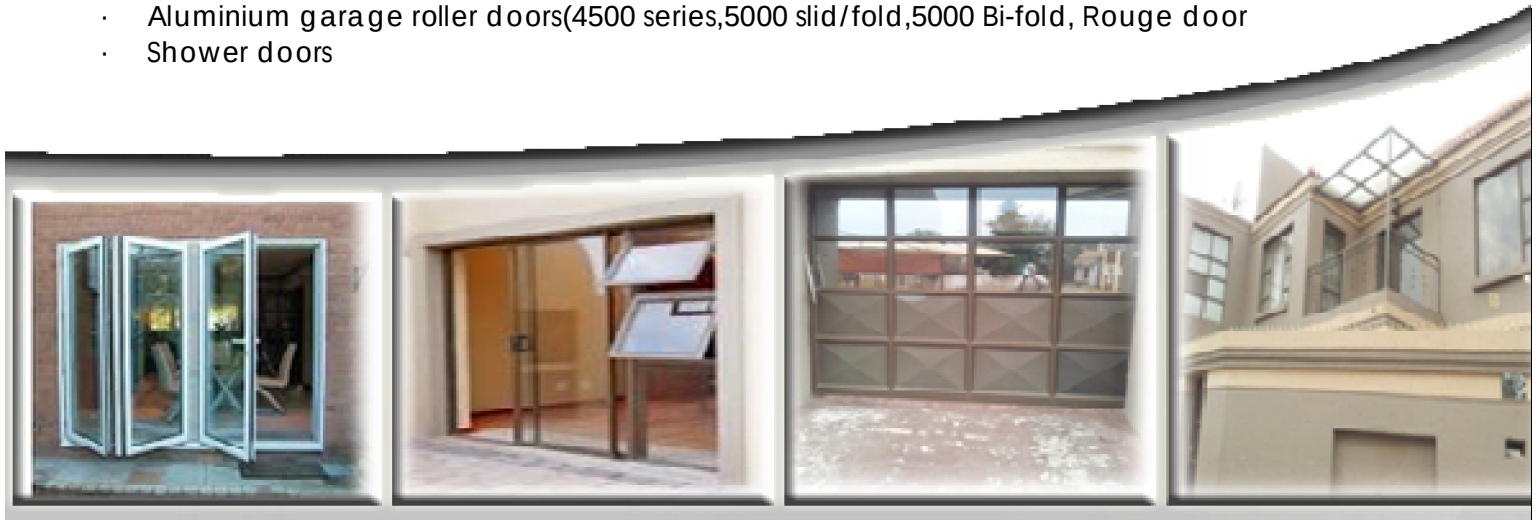

The key focus is on small to medium commercial and residential projects. Mikhenso Enterprise manufactures aluminium Doors and Windows that will not rust, bend, twist, corrode or lose their colouring due to sunlight; moreover they are maintenance free over the years. Our products are designed to be highly durable and sustainable to our African climate. Aluminium Doors and Windows are better looking than other alternative, thus by installing our products to your home or business premises will further increase the value of your property following that they are secure, strong and durable, do not absorb water, cannot rot like other windows and doors material and can be wiped clean.

Our customers are very important to us and we offer friendly and competitive service backed by quality products at affordable prices. The management and Staff invite you to visit our premises at your convenience.
