

DÉCOR RODS

rods, finials, holdbacks & accessories

www.decorrods.com

established 1991

Originally, Michael Moses started his decorating business from home. It was during this “hands on” experience that he acquired his skills in each aspect of this business. As his business developed he used his gained knowledge to expand his operations and employ skilled staff. Being an expert in every skill, gave him the ability to train and oversee his staff as he concentrated his main focus on customised rods, finials, holdbacks and accessories.

Décor Rods, now has a number of well equipped Factories including a team of wood turners, wood workers, decorative painters, spray painters, welders and metal workers.

In the future Decor Rods will be extending their services to installations on request.

TECHNICAL INFORMATION.

WOOD: Top grade pine is used for all rods and wooden finials (fin 1-30 in the catalogue). Other wood is available on request. The diameter range is 48, 63, 70, 80, 85 and 90mm.

COLOUR AND EFFECTS: Apart from our extensive range of colours shown in the catalogue, any colour swatch provided by the client can be used to match a colour.

CASTING: Resin is used in for all the cast finials, holdbacks and accessories. Refer to the catalogue for the various mould patterns and sizes.

METAL: Ducoed steel is used for all metal work. The diameter range of the hollow rods are 19, 25, and 38mm. Finials are made to fit the rod diameter.

*We look forward to welcoming you as a new client,
and offering you our very best service.*

Metal Brackets

metal brackets

Any other bracket made on request.
