

Background

Jubilate Events Management is a 100% black owned company. The company core business is hospitality staffing management, catering and events management. A party planning resource- designed to help you organize your event in whole, The Company is aiming to create jobs for South African youth. We intend to develop and enhance the skills of staff in the services that we provide. Our vision is to expand our company nationally.

Vision / Mission

To turn any event big or small in to a lifelong memory, while tattooing smiles on to people's faces with good food and memorable events, while bearing in mind that each client and event is unique and as a result, we tailor your requirements and our creative skills appropriately. Ultimately everything is possible.....and our bespoke event production department can create whatever is required to take your guest`s breath away.
