1. Description of Business

TMP is Maintenance, Plumbing, Electrical And Minor Construction Company. We have been working Maintenance, Plumbing and Electrical industry for the past ten years and in the Construction industry for the past two years. We offer a 24 hour seven days a week Maintenance, Plumbing and Electrical service. Our aim is to offer our clients a 1-stop service that allows the client to work with one Company in regards to general Maintenance, Plumbing, Electrical, Construction and all round Carpentry under one roof.

We offer a special service to our Letting Agencies where we will do a comprehensive pre-check inspection of the property before a new tenant occupies the property. At the end of any lease period we will do a check-out inspection which will be handed to the landlord and Letting Agency. Additional inspections can be requested at any time.

We are a highly motivate team and strive to provide the best service in what we do best.

4. Brief Owner Profile

Juan-Pierre Prinsloo

Juan found his inspiration in maintenance when he started in 2005 at Africa Coach Crafts maintaining the buildings and vehicles and has since broadened his experience in all maintenance fields since 2010 until 2014 where he managed and maintained 270 units at Kingfisher Complex. He is a hands on Handyman in any field. His maintenance management experience makes him a valuable asset to the Company.
