LED Billboard Advertising

Excellent for product launches, product specific, brand awareness and new product/service release

Benefits to you

- Brand and product exposure
- Cost effective
- Located at strategic points
- Digital LED billboard advertisements ranks number one

How it works

- Once the art work has been submitted your advert will be formatted to suit the screens technical requirements
- We can screen any messaging from a flier, poster, TV-advert or your website is easy
- Our creative team will design any advert for you that will meet your specific requirements at an additional cost
- You can choose your packages or contracts
