

# Company Profile

ADVERTISING SOLUTIONS  
WEB DESIGN

# About Us

Advertising Solutions is a web design company located in the industrial city of Boksburg, Gauteng province, South Africa. We also provide hosting and SEO services for businesses, both nationally and internationally.

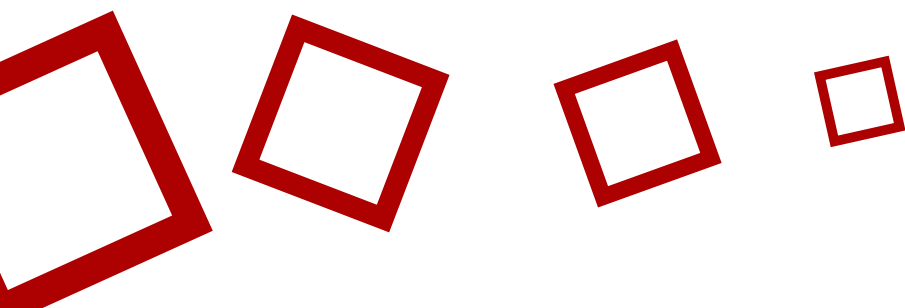

Advertising Solutions Web Design was registered with the CIPC in August 2015.

Advertising Solutions is a small team of hardworking individuals heralded by our founder and owner, Kevin Ras. Following his passion for web design, he has effectively shared his ideas with the rest of the team.

# Our Values

**Our values have been the driving force behind our incredible growth. We are:**

- **Committed:** We are totally committed to the process, and we ensure that you get the best website design.
- **Transparent:** We have no hidden clauses or charges, and we do not take advantage of our clients. Advertising Solutions is sincere in all dealings
- **Reliable:** With innovative web tools and apps at our disposal alongside 24/7 technical support, you can be sure that we are reliable
- **Efficient:** In less than half a decade, we have forked out award-winning designs, carried out over 1,500 domain registrations, and hosted and designed over a thousand websites. That is the definition of efficiency
- **Dependable:** We take pride in building valuable relationships with our clients, and we are a steady presence in the digital space.

## **Our Mission**

To fuel the growth of small to medium-sized businesses in South Africa and abroad by providing quality website design, hosting, and SEO services at affordable prices.

## **Our Vision**

To become one of the most recognized and trusted web design companies in South Africa. We envision being the number one solution provider in the digital space.

# Website Design

Our Web Design Company offers professional website design to meet the needs of our customers. We make sure that each design, as well as every other aspect of web development, meets the primary aim of the client's brand.

Our web design company employs contemporary strategies and technologies to ensure that the final product is not just beautiful, but also functional. We design our websites to work on all devices such as desktops, mobile phones, iPads, etc.

# Web & Email Hosting

## **Web Hosting**

Our web hosting services cover standard website hosting and business email hosting. Thus, we have all the perfect web plans and tools for you.

## **Domain Registration**

Advertising Solutions Web Design is a direct reseller of an ICANN-accredited domain name registrar.

## **SSL Certificates**

Improve the security and credibility of your business with our SSL certificates.

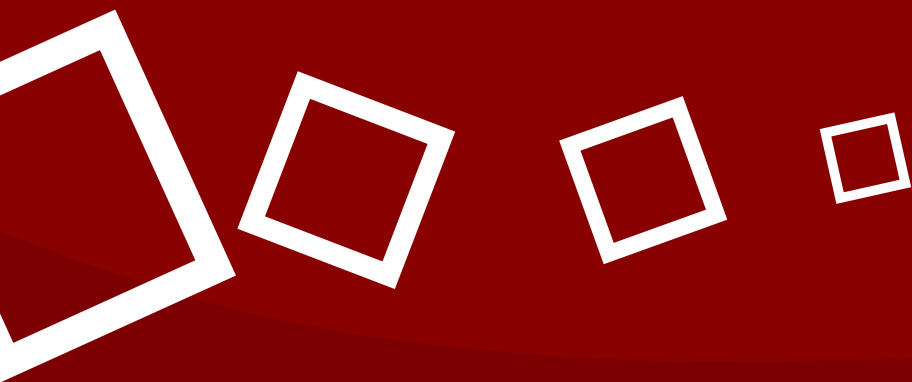

# SEO Services

## **SEO (Search Engine Optimization)**

Our team will take all the tedious work off your shoulders and provide you with worry-free SEO services that will help your website rank higher on search engines such as Google, Yahoo and Bing.

Let us analyze your website and we will offer you a customized proposal that will fit your business goals.
