

# THE CORNICE <sup>M</sup>MAKER

COMPANY AND PRODUCT OVERVIEW

adding style and value to your spaces...

## ABOUT US

At the **Cornice Maker** you will find top quality locally manufactured cornice. But more than that, we are retailers, wholesalers and distributors of top quality decorative and finishing products including cornice, skirting, ceiling products, flooring products, Isoboard, Insulation and much more.

**We love polystyrene.** The biggest thrill for us however is to see how our polystyrene cornices transform nice houses into beautiful homes.

We pride ourselves on being **pedantic about manufacturing quality**. Therefor quality control is one of the most essential parts of our production process. No exceptions.

***We aim to provide our customers with expert advise, best of class service and above all, top quality products and brands.***

## DIVISIONS

- EPS Cornice
- XPS Cornice
- Custom Designs
- Quality Control

### Manufacturing

- Large warehouse facility in Wonderboom-South, Pretoria
- Direct to public and trade

### Wholesale

- Four showrooms: Randburg, Wonderboom-South, Waltloo, Villieria

### Showrooms

- Sub contracting to large developers and builders
- Installation services to consumers or commercial clients
- JHB and Pretoria Teams

### Installations

- Hardware outlets and other resellers
- Wholesalers
- Sales and Merchandising teams

### Distribution

- Customers in the SADEC Region including Botswana, Zambia, Zimbabwe

### Exports

## MANUFACTURING

- We use state of the art hot wire CNC cutting machines with patented designs and well researched methodologies.
- Our capacity exceeds 200,000m per month and we are continuously expanding in accordance with growing demands.
- We have a very stringent quality control process which results in a near zero return rate.
- All our off cut material is recycled into other extruded products which means that we have a very low environmental impact from our manufacturing process
- We are able to produce custom designs on demand from very small to very large volumes per order.

## WHOLESALE

- Our 1200sqm Wholesale and distribution centre in Wonderboom-South, Pretoria has fast become a landmark destination for consumers and trade alike. Our wholesale branch carries:
  - our manufactured cornice products in bulk
  - Solid Ceilings ceiling and partitioning products
  - Wicanders Cork Flooring
  - Dekwall Cork Products
  - Isoboard
  - Skirting
  - Other Decorative products and much more.
- We have well trained staff to assist with any query and product advise and we have on site labour to assist with loading and off loading.

## Showrooms

- Our showrooms are one stop shops for home finishes.
- We offer expert advise, free quotations and installation services.

## SKIRTING

SKIRTING & FLOORING PROFILES

- Enviroline profiles are manufactured from **High Density Polystyrene (HDPS)**
- Enviroline profiles are finished with a **hard wearing**, machine printed décor layer that **does not have any colour variation** from batch to batch.
- Enviroline is **totally water, and highly chemical and scuff resistant**, and can not de-laminate.
- Enviroline is **non-toxic** even under burning conditions.
- The ignition point for HDPS (**over 800 C°**) is more than double the temperature at which wood profiles will flame and burn.
- **No Trees** were harmed in the manufacturing process of Enviroline products.
- Styrene profiles can be **cut and installed in the exact same manner as wood profiles**, but have unique advantages over wood.
  - Factory finished and ready to install.
  - No painting or staining, therefore no danger of paint / stain damage to tiles, carpets or other floor surfaces.
  - No further maintenance after installation.

Liguria Oak

Abruzzo Maple

Domestik is ideal for those who want a floor that is resistant to everyday knocks and spills, but don't want to compromise on style.

### Specifications

Grade: AC3/31

Warranty: 15 year domestic / 5 year commercial

Core: High Density Fibreboard

Panel Size: 1292 x 194 x 8mm

Moisture Plus – Silicon moisture barrier on the edges of the boards, for improved moisture protection

Antistatic – Thanks to a special treatment of the protective layer and the decor paper, the electrostatic charge is absorbed and led off through the sub floor, generating a feeling of well being and the certainty of easy to clean floors.

SurfacePLUS surface coating guarantees a longer lifetime, improves the scratch and impact resistance and ensures a durable, transparent coating with a wax-free surface.

Embossed grain with different depths – creates outstanding surface effects and contrasts

### Travi-lam AC4 V-Groove

The 8mm collection is manufactured with a 4 sided bevelled edge to create an authentic planked effect.

Specifications

Grade: AC4/32

Warranty: 18 year domestic/3 year commercial

Core: High Density Fibreboard

Panel Size: 1210 x 193 x 8mm

Box Size: 2.40m<sup>2</sup>

Weight of box: 18kg

6 x decors are available in the range.

Exact colour match profiles, quarter rounds and skirtings are available for all decors.

Travi-Lam V-Groove is recognized by the **South African Wood and Laminate Flooring Association**.

The product features our "Silent System" – a sound reducing underlay that is attached to the board.

This reduces impact and drum noise.

All edges have been treated with wax to reduce the possibility of moisture damage.

Travi-lam V-Groove AC4/32 V Groove is suitable for heavy domestic and moderate commercial e.g. Shops and Offices.
