CHIGO AIR-CONDITIONING

SOUTH AFRICA

BACKGROUND

- Chigo Air-Conditioning CC is operating from a premises in the Midrand area. This premises acts as the Corporate Head-Office. It has a central store for distribution to its Agents and Franchisees. It generates its own income through annualized sales.
- It houses the directors, senior staff and employ people mainly engaged in Admin, Marketing, Export, Logistics and Technical support.
- We supply a variety of air-conditioning models and introduce franchise opportunities thus providing added-value services to a large customer base throughout the air-conditioning market.
- We are technically advanced and offer many clear-cut advantages and improvements over competitors' possible offerings. We are continuously expanding in this market segment.

MISSION & VISION

- Our vision is to become the leading importer and distributor of air-conditioning units and to offer franchise opportunities throughout the African continent.
- The group aims to create an energetic business environment where the growth and success of all employees, customers and franchisees are constantly promoted and supported.
- The group aims to offer world-class equipment with technical backup support 24 hours a day to all its customers.
- All materials and spare parts are imported directly from the manufacturer, enabling the company to stay extremely competitive in the market in terms of quality and price.
- In short, our mission is to behave ethically and morally in all business transactions to create a secure and fruitful enterprise for future generations, and establish ourselves as a major corporate powerhouse.

DIRECTORS PROFILE

Mike de Kock - Chairman of the Board

As a successful businessman in Civil Construction, Mike soon realized that he had bigger dreams. de Kock invested in various business sectors ranging from Property to Air-Conditioning as well as the Restaurant industry. Today he is one of the most successful all-round businessmen in South Africa, believing that honesty is the key to success.

Neels Bouwer - Chief Executive Officer

With 15 years in the HVAC industry and a Technical Diploma in Instrumentation, Bouwer excelled in the business sector. Today he sits as Director to numerous well known companies and is the mastermind behind the Chigo Franchise concept.

BEEE - STATUS

Yusuf Amod appointed by Tshepa C & M in 2003

CHIGO AIR-CONDITIONING CC

Overview

- ✿ Chigo SA CC was established in 2001. The company is the sole distributor of Chigo air-conditioning units in South Africa.
- ✿ Chigo SA CC has invested significantly on infrastructure to cope with the increasing volume of orders.
- ✿ Chigo SA CC has worked aggressively to establish its product range to such an extent that today we are able to include a franchise offer to selected entrepreneurs showing that Chigo is a brand that can be trusted.
- ✿ The company has an exceptional technical back-up support team and a very experienced sales team.
- ✿ Chigo SA CC currently has 10 registered franchises and 6 distribution centres.

CHIGO AIR-CONDITIONING CC

Service Support

- ✿ Chigo has in-house technical support teams. It uses qualified technical staff to assist customers at all times.
- ✿ Chigo is able to assist in the design of rooftop units, chiller, ducted or hide-away systems through a network of engineers in South Africa.
- ✿ Chigo units are powered by Mitsubishi compressors.
- ✿ Chigo started franchising in 2005. Today we have quite a number of franchisees throughout South Africa.
- ✿ Spares are available from all Agents and Franchisees or from our Head-Office in Midrand
- ✿ Online technical information, stock availability, ordering system facilities etc. are available direct from our website: www.chigo.co.za 24-hours a day.
- ✿ Our core business is to supply quality air-conditioning units.

CHIGO AIR-CONDITIONING CC

Product Range

- ✿ Chigo offers a comprehensive product range.
- ✿ This range offers a variety of models in a series of Mid-wall Split, Inverter, Rooftop, Window, Floor Standing, Cassette, Under Ceiling, Hide-Away, Portable and Wine Cooler units.
- ✿ Chigo has passed all the required International and Local safety Standards and has been accredited with the ISO9001 award.
- ✿ All Chigo units are SABS Authorized.
- ✿ All Chigo units have a Blue-Coloured coil. This is a Hydrophilic Film which enhances the corrosion resistance of the heat exchanger and Bio-Active enzyme filter.
- ✿ All metal casings, strips and brackets have been galvanized before being powder coated to help in delaying the corrosion processes of mother nature.
- ✿ Chigo units are equipped with a “soft start” device on the PCB to reduce high starting amps and increase the energy efficiency of the units.

Mr. Li XingHao
President - Chigo International

ABOUT CHIGO

- ✎ Founded in 1993 in Nanhai, South China, Chigo became a leading enterprise by 2007. Today Chigo is one of the largest air-conditioning manufacturers in the world with more than 150 patents, certified by ISO9001 and 335 different models having been awarded International Certification.
- ✎ Chigo is proud to be a business partner to other leading air-conditioning manufacturers such as: Mitsubishi, Carrier, LG, Rheem, Lenox, Hyundai, Emerson, Johnson Controls and Toshiba to name only a few.
- ✎ As one of the largest manufacturers in air-conditioning, we cover 3 million square meters of production facility and produce 12 million sets per year
- ✎ Looking into the future, we will always strive to remain a world-class Air-Conditioning research, development and production company.

CHIGO FRANCHISE

🔧 Overview

With extensive knowledge and experience in the HVAC Industry, we are able to offer a comprehensive package in Air-Conditioning & Refrigeration.

We understand that the franchisee expects absolute integrity in dealings and places his life in our hands.

We also understand that he has worked hard to accumulate some equity which may take the form of a capital gain on his residential property, a lump sum pay-out from a pension fund or some other form of saving, and we are absolutely aware that a person acquiring our franchise cannot afford to lose this equity.

Chigo Completed Projects

CHIGO TECHNICAL TRAINING PROGRAM

🔧 Overview

We have seen that there are many disadvantaged people in the HVAC Industry. Men and woman that have devoted their entire lives to an industry that requires exceptional skills, yet they are being penalized for not having the papers to support years of dedicated service to the industry.

We offer on the job training and franchise opportunities to anyone who passes our introductory criteria.

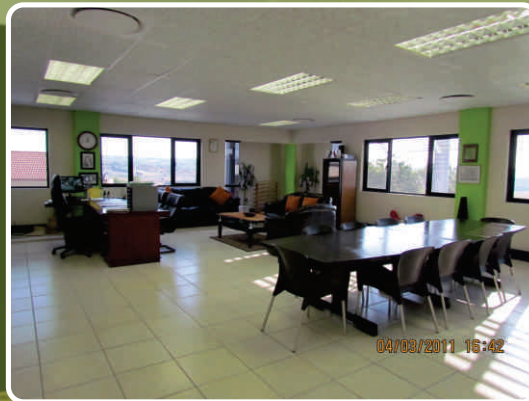

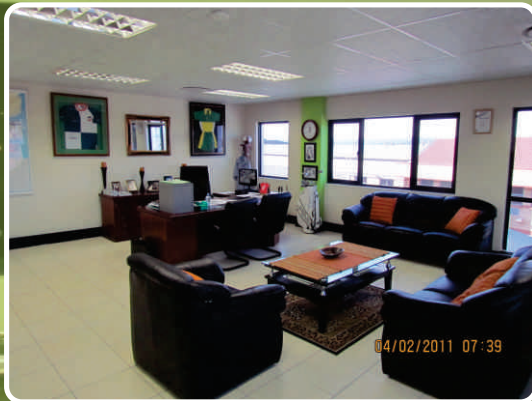

We assist in training franchisees to become part of a Management Team that will pave the future for others who have been left behind and may feel that they are now too old to add value to the industry.

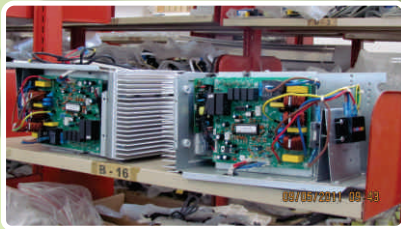

Our training is aimed at creating opportunities for those who believe that they can make a difference by helping to eliminate unemployment and creating a pleasant working environment for those who do have office jobs.

CHIGO CHARITY EVENTS

🔗 Overview

This type of sponsorship is often a loosely used term. To us it is so much more than just a simple donation. It is a partnership between the donor and recipient.

We believe that, unlike other charitable donors, we can make much more available than just money. We believe that by combining products, services and people, one can add more value.

A donation is a gift for charitable purposes with no hidden agenda, whereas sponsorship is a business expenditure, bringing a return to the company in the form of public relations or brand awareness. Many companies confuse this issue. We do not believe in advertising goodwill at the expense of those who are less fortunate.
