

## Who We Are?

**Pro-Tech** started up in April 2017 and is a fully registered company. Pro tech is Owner Managed and run, where Warren White, signs off all work completed to insure his standards of service are maintained.

Warren started running his own business in April 2007 as Dependable Garage Door Services but changed the company name to **Pro-Tech Access Control (PTY) LTD** in April 2017 due to changes in SARS law and the high demand from Industrial / Corporate customers.

We strive to give the **best possible service** at the **best possible price** while using the **best products** on the market.

We are one of the **leading installation companies** in KZN. We are always striving to become the **number 1** installation company in KZN as we know – **Your security is our business**

We pride ourselves with our **workmanship**, **efficiency** and the job getting **done right** the **FIRST TIME**.

We are an access control company that is based in Pinetown but will travel up to Ballito in the north, Toti in the south and Cato Ridge in the Upper highway.

**Servicing Residential & Industrial**

**Customers since 2007**
