OUR BACKGROUND:

What we *ARE* about:

Whether you are in Property Development, Architectural Design or Home Improvements, we will always provide a solution for your needs. Ethnique Aluminium Architects(Pty) ltd specializes in the manufacturing and installation of high quality, durable and hard wearing aluminium products such as aluminium doors and windows. With manufacturing facilities in Gauteng, our objective is to become the vehicle via which our clientèle is assured of customized aluminium designs at affordable pricing.

Our main focus is small to medium commercial and residential projects. Ethnique Aluminium Architects(Pty) ltd manufactures aluminium doors and windows that will not rust, bend or twist and will not require maintenance over the years. Our doors and windows will not get corroded or lose their colouring mainly to sunlight and harsh weather conditions. Aluminium doors and windows are better looking than other alternatives and the installation of aluminium doors and windows will increase the value of your property. Our products are exceptionally strong, secure and durable, they do not absorb water and cannot rot like other window and door materials. EAA aluminium products hold their colour, are maintenance free and can be wiped clean with water.

What we *ARE NOT* about:
