

Xinxan Blocks and Walling

"The Alpha & Omega of Construction"

390 Theuns van Niekerk str
Centurion

Company Reg No: 2017/456445/07

Company Profile

We specialize in the following:

1. Engineering
2. Manufacture and supply of the Xinxan Blocks
3. Boundary walls
4. Installations of the Xinxan Blocks
5. Foundations
6. Building – New and alterations
7. Reinforcing

Advantages of Xinxan blocks and walling:

1. 30% Saving on blocks and materials cost, due to block size, specifications & application.
2. Cost saving on installation cost, due to faster installation
3. Cheaper Transport cost due to weight of blocks
4. NHBRC and SABS approved product
5. Greener footprint than older building and conventional building methods
6. Wall can be constructed to customers request and design
7. A new Xinxan wall will give you piece of mind when it comes to security and durability.
