## About Us

The Net Printer is a high-end choice for printing, branding, work-wear, gifts and more.

Unlike many self acclaimed one stop branding companies that often struggle to maintain excellence in everything printing and branding, we have mastered an unmatched combo of speed, quality and convenience. This recipe is made possible through our customer-centric approach. We invest time listening and researching your branding needs, and we are not scared to get our hands dirty just to ensure your imagination is exceeded.

Our leverage which we make transferable to our clients is in the unique relationships and volumes of transactions that we do with our loyal suppliers and partners. We shop and negotiate for the best (and almost unrealistic) deals so that you can focus on whatever you do best.

## Mission

To provide branding that transforms mediocre companies into household brands

**VEHICLE BRANDING**  
Full Wrap & Lettering

Branding your company vehicles is like having a mobile advertising machine that goes everywhere and anywhere your company vehicles drive to. Car wrapping allows you to drive your brand into places where your product or company could have remained unknown or maybe forgotten. Letting your car drive around without flying your company's flag up high is like erecting a blank mobile billboard or worse still, a blank canvas. Did we mention that this form of advertising keeps attracting more clients to you with no one waiting to collect a retainer from you at the end of the month?

As depicted by the above images, we have several vehicle branding packages to accommodate your different taste and budget.

**Logo & Lettering** - This package only allows you to have your company's key information such as logo or product image and some contact information and maybe your services or product listing.

**Partial Vehicle Wrap** - This package allows you to wrap about half the vehicle with full colour branding and images. The other half will then be covered with some vinyl lettering with some important information such as your logo, contact details and/or services and product listing.

**Full Vehicle Wrap** - This is a no-holds bar kind of branding where you have the whole body of the vehicle fully wrapped in a full colour design of your imagination. Here you can only limit yourself.

## DTG PRINTING Direct To Garment

As the name suggests, Direct to garment printing is a modern day printing technology that allows you to print cotton based clothing such as t-shirts the same way you print paper. Like abracadabra, at the click of a button you are able to get a full color design printed on your apparel. It's perfect for those detailed full colour designs that struggle to get justice using screen printing.

## DIGITAL EMBROIDERY Direct To Garment

Digital embroidery is a perfect choice if your goal is to put a mark of excellence on your apparel or uniform. It doesn't make much noise like screen printing but adds a touch of elegance to your brand. It works out quite affordable on smaller designs... guess they say dynamites come in small packages.

It's a bit tricky to commoditise the pricing of digital embroidery as the costing is done according to the number of stitches on a design: which can only be deduced after we digitize the actual design to be embroidered. However, the setup charges are a mere **R250** whether your design is in 1 or 7 colours.

## ARTWORK Graphic Design

Quality printing or branding alone can never do justice to your project. You need a skilled designer to capture your imagination. Our graphic designers are at your service to assist you with all your artwork and layout requirements. You are free to use your own designer provided they adhere to our artwork guidelines.

# IMPORTANT INFORMATION

## Guidelines & Terms Of Service

### General Information

- \*All prices are subject to change due to economic factors.
- \*Discounts can be discussed on bulk quantities.
- \*A minimum deposit of 70% is required before printing any order. The balance will be payable prior to courier collection.
- \*For accurate quotations please provide us with all relevant order details such as quantities, sizes, material, and other preferences such as required finishing, number of sides, pages etc.
- \*Please ensure that all layouts, colours and contact details are correct and according to your specification. We will not be held liable for mistakes resulting from lack of proof reading and due diligence.
- \*Printing will only commence after final artwork approval.
- \*Average production times are from 3-7 working days after artwork approval. Where possible urgent orders can be done at a premium.
- \*Delivery to major towns and centres in South Africa is 2-3 days using our courier partners. Where possible overnight and same day deliveries can be organised at a premium price determined by the couriers.

### Artwork Guidelines

- \*We prefer that artworks/designs be sent in a vector PDF or high resolution JPEG file of at least 300dpi.
- \*CorelDraw (X7 or prior) files are acceptable if all fonts are converted into curves/vectors.
- \*MS Word, Powerpoint, Excel and other MS office files can be converted to print-ready format at a cost of R350 per each side.
- \*Bleed of 3mm on all sides of the artwork is required for all litho and digitally printed paper based products such as business cards, flyers, posters and more. We also require that logos and any important information be at least 3mm from the edges.
- \*For gazebos, flags and banners we recommend that you use our templates for sizing purposes. This will also help ensure that logos and important information is not cut off on the final branded product.
- \*Convert RGB and spot colours to CMYK to avoid colour disparity.
- \*We can assist you with your designs at a fee as highlighted on the artwork prices page
- \*We recommend using WeShare, Google Drive shared links or related platforms for sending files larger than 25Mb. This is because most email accounts can not send files larger than 25Mb.

### Delivery Policy

- \*We deliver across South Africa, Africa and the world at a small fee.
- \*Please ensure that you provide the correct delivery address.
- \*It is your responsibility to ensure that there is someone present to sign and receive the order.
- \*It is your responsibility to ensure that you provide a phone number that we can reach you on should there be any issues.
- \*Should our courier service find no one available at the provided delivery address, you might be charged before arranging for a new delivery.
- \*We only deliver your order to one address. Distribution or delivery to other addresses can be arranged at an extra cost.
