## ABOUT

Hello, my name is Lizelle, and I'm the face of Fine Line Beauty!

I work as a makeup artist for a living. I've been a makeup artist for ten years on the side before creating my website and blog, I'm a self-proclaimed social media and Google SEO expert.

After learning that there were no special resources dedicated to an online platform to obtain all the wedding planning materials, I required to organize my wedding, such as wedding destinations, beauty salons, and more, I launched this site shortly after registering my own Beauty related company: Fine Line Beauty. I'm always looking for new ideas, inspiration, and unbiased beauty advice. That's when I decided to start my own makeup company and develop a platform dedicated to everything beauty related.

My first blog, About Fine Line Beauty, was launched in February 2022, out of a desire to provide women with a free and unbiased planning resource full of unique ideas, tips, and advice, with a focus on beauty reviews, locations, and beauty suppliers, while creating my proudly South African cosmetics line for everyday women. Business, like anything else, necessitates preparation and time.

My goal is to be the number one Google search result in South Africa for anything relating to makeup, wedding planning, and the beauty industry that includes salons and venues..

I am extremely enthusiastic about everything I do. Particularly when it comes to assisting others. To get motivated, I spend the entire day looking at photographs and reading/writing about beauty! I attempt to create beautiful material that is based on relatable SA beauty market.

On a more personal level-I live in Pretoria, South Africa, I am blissfully engaged, and most importantly, I am the proud mother of a wonderful 5-year-old kid who is the centre of my universe! I enjoy traveling, dancing, and eating dessert! If you haven't noticed, I'm a little fascinated with the colour purple.

Choosing the right location can be difficult, especially because there are so many options, and where do you start looking for the perfect one? Now, I get how exciting it is to begin wedding planning with your dream gown, hair and makeup, but the venue is perhaps the most important aspect of the process, right? It is, after all, where you will spend your wedding day and where your guests will be entertained. Not to mention the fact that this will be in all your wedding photos! To assist you in narrowing down your venue options, I prepared a [wedding venue guide/blogs](#).  
Finally, you know what to look for when searching for your dream venue. Your perfect wedding venue will be on this page, check out the contact information, so you can start making those appointment calls. Best of luck!

Thank you for coming!

This page is still under development and will be up and running before the end of this month. I would like to express my sincerest apologies for the delay!
