To Whom It May Concern,

I have had the great pleasure of working with Charmaine for the past twelve years on numerous projects, including the opening of the Oprah Winfrey Girls Academy, New Years at The Palace of the Lost City, the opening of the One & Only Hotel in Cape Town in 2008, and most recently, a private destination wedding for a New York client at Boschendal in November of 2017.

Every project I work on with Charmaine has been a huge success. Her ability to take the creative direction and ideas for the event and turn those into reality is nothing short of outstanding. I am consistently impressed by the craftsmanship of her work and her ability to be flexible and find creative solutions for any budget we bring her. During past events, she was able to secure unique pieces that we had requested, when other vendors were unable to do the same. She has a fabulous handpicked staff that is incredibly competent and eager to make each event spectacular.

I am delighted to recommend Charmaine for your upcoming project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Colin'.
