BULBINELLA : Our "Signature Products".

Diana Herbst started making Bulbinella cream for herself, as from May 2009. She suffered from most terrible Eczema, and learned about the healing properties of the Bulbinella plant. After being unemployed for nearly 2 years, and with her who had the desire to work from home, she started selling Bulbinella cream on Facebook from April 2011. All the other products on this price list are "designed" by herself, by being inventive and creative (from her "ADHD mind"). Should you have any questions, you are most welcome to send an email / WhatsApp. She will personally reply. Diana wishes to thank each client and agent for their loyal support.
