ABOUT WORD OF GOD SEMINARY

Word of God Seminary is a formal training institution that is registered as a NPC in South Africa (Reg: 2021/952089/08.) The seminary has been started by four passionate well-experienced Christian leaders and academics with a vision to train God's children.

This seminary was specifically established to train everybody who is hungry to learn more about the Word of God internationally.

The seminary is run by a board of directors and a competent management and operational team with many years of accumulated knowledge and experience and with a very good administrative infrastructure, and will provide skill orientated training to students through training presented in classrooms, distance learning and on an online basis.

VISION

We are committed to deliver value driven, theory, practical and personally transformative training to God's children seeking knowledge of the Word of God. Our courses are specifically designed to meet all the ministry, theology and counseling related requirements of individuals with a vision to change society, through proclaiming the Gospel of the Lord.

MISSION

Our mission is to deliver the highest quality training to all students enrolled and believe that the teaching of sound knowledge, ethical and moral values will make a significant contribution to the sustainability of society.

An objective of WoGS is that a student learns, not about the Bible, but learns the Bible. The intent is that each student learns Biblical truths.

We are committed to removing the fear factor from the desire to earn a Biblical qualification. The Bible is our textbook and each course uses the Bible plus prescribed manuals for the various subjects.

LIFE EXPERIENCE

All degrees at Word of God Seminary are **Earned Degrees**. This is achieved by mandatory course work that must be completed.

Our courses are available to anyone who meets our enrolment requirements. Our courses require comprehensive study and self-discipline as the Seminary is an online and class based learning institution.

Bible School, College or Seminary transcripts do not always reflect real life experience therefore Word of God Seminary recognizes life experience that may have been gained through years of work that is ministry, theologically and counselling related.

Many people have served in ministry, theological and counselling positions and have gained a lot of knowledge and experience in their fields, but do not have a formal ministry, theological and counselling certificate or degree.

Life experience credits can give some of the recognition needed for this service in the work of the Lord and these acceptance of life experience credits helps potential students to accelerate their learning institution knowledge and enabling them to earn a fully accredited diplomas or degrees.

No Bible School, College or Seminary accolades, degrees can be awarded based purely upon life experience, and therefore life experience credit cannot be given for an entire degree but is limited to a **maximum of 30 credit**. Life experience which may include books authored, missionary trips, classes taught, outreach ministries, ministries within a church, etc., must be documented along with the years they occurred and submitted for evaluation.
